## **WORKSHOP ON YOGA 26/08/2019 to 31/08/2019**

Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'yoga' derives from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness.

Today it is practiced in various forms around the world and continues to grow in popularity.

Recognizing its universal appeal, on 11 December 2014, the United Nations proclaimed 21 June as the International Day of Yoga by resolution 69/131.

The International Day of Yoga aims to raise awareness worldwide of the many benefits of practicing yoga.

The draft resolution establishing the International Day of Yoga was proposed by India and endorsed by a record 175 member states. The proposal was first introduced by Prime Minister Narendra Modi in his address during the opening of the 69th session of the General Assembly, in which he said: "Yoga is an invaluable gift from our ancient tradition.

Yoga embodies unity of mind and body, thought and action ... a holistic approach [that] is valuable to our health and our well-being. Yoga is not just about exercise; it is a way to discover the sense of oneness with yourself, the world and the nature."

Muslim College of Education organized one week Workshop on Yoga programme for the students in the seminar hall from 26/08/2019 to 31/08/2019. Students participated with full interest, enthusiasm and eagerness.

Every day the session began by seeking the blessings of the Almighty. Asanas starting with warming up and stretching were followed by a series of Padmasanas, Sukhasana, Tadasana, BhujangAsana and ending with Shavasana. Exercises for relieving stress, reducing joint pain and enhancing the flexibility of the back were also done.

Principal Dr. V. S. Pramod conveyed the importance of making yoga an integral part of our daily life by extending the practice

of yoga beyond the mat. Each day the session concluded with an interactive session between the instructor and the students in which the queries of the students were addressed satisfactorily. The one-week programme was very refreshing, reviving and relaxing.

## WORKSHOP ON THE PREPARATION OF LEARNING MATERIALS 13/09/2019

Muslim College of Education organized workshop on Teacher Learning Material on 13/09/2019 at the seminar hall from 10.00 a.m. to 4.00 p.m. The objective of the workshop was to orient teacher trainees and develop appropriate context-specific teaching-learning materials which can be used to enhance the quality of the teaching-learning process. Addressing the gathering Dr. V. S. Pramod, Principal, Muslim College of Education said that few of the possible hurdles that teachers face in doing the activities are – lack of material, lack of confidence, fear of an experiment failing in front of students etc. To overcome these, we thought of conducting this TLM workshop where we provide the material, and the space for experimentation and teamwork. The teacher trainees learn to working in teams as well as benefit from the models prepared by other teacher trainees.

The teacher trainees' team learnt quite a bit through this workshop. The key learning is that experiments have to be done and the learning we gain especially when things do not turn out the way it is stated in the textbooks is of incomparable value. Teacher trainees also presented the papers on teaching learning material and explained the importance of teaching learning material in real teaching, how effectively we can use these, how to prepare, what are the characteristics of it, how it makes teaching process as effective.

The workshop was concluded with vote of thanks by Mrs. Manjusha, Assistant Professor.

## EYE DONATION AWARENESS PROGRAMME HELD ON 30/10/2019

Blindness is a worldwide problem. Corneal blindness accounts for 0.9% of blindness in India. Approximately 0.12 million people are Corneal blind. Restoration of their vision is possible only through transplantation. Though 45000 eyes are collected every year, it does not meet half the requirement.

Realizing the potential of the situation an Eye Donation Awareness Programme was organized by the Muslim College of Education on 30/10/2019 in the seminar hall from 10.00 a.m. to 4.00 p.m. The program was inaugurated by Lion. Dr. H. Mohammed Ali, Secretary, Muslim College of Education. Dr. V.S. Pramod welcomed the guests and in his inaugural address, he highlighted the importance of eye donation. The resource person for the programme was Lion. Dr. J. Ganesh M.J.F.

Lion Dr. J. Ganesh began the program with a formal greeting. Then he gave a brief introduction about the eye donation. Donating one's eyes after his/her death is Eye donation. Merely Corneal blinds can be helped through this procedure. It is an action to help, mainly for the assistance of the society and is totally charitable. It is done after death. So, the eye-donation should be exalted in a large scale, as one of the best means of communal service. To allow another person to get vision is one of the best procedures of charity. Even after death the donor lives in the eyes of the recipient. Eyes of a dead person can enable two blind people to acquire the vision, said Lion. Dr. J. Ganesh. Then he listed out the reasons why we need to donate our eyes.

A few video clippings were displayed by Lion Dr. J. Ganesh. It describes about the statistics of eye donation. In video clipping a few celebrities described the significance of eye donation. Lion Dr. J. Ganesh asserts that students play a vital role in creating awareness about eye donation. Students can enhance eye donation rates by educating and motivating the relatives for eye donation. They can teach this great thing to the student also. There was an interactive session. Dr. J. Ganesh asked a few questions to the teacher trainees. Those who answered the questions were appreciated and honoured with prizes.

Dr. J. Ganesh explained the structure of the eyes. He explained in detail the internal structure of a-lens, retina, optic nerves, aqueous humor and also the external structure of an eye-sclera, conjunctiva, cornea, iris and pupil. This was useful for everyone. Students were actively heard his words. Finally, he concluded his session after describing the recent development and techniques to cure eye problems. He also explained the long sight and short sight problems faced by small children. Then he says how to cure the long sight and the short sight problems by using specs eye lens and laser treatments. The doubts raised by the students and staff were cleared. After the session, four students gave feedback to the Eye Camp Awareness Program Mrs. JabaNisha, faculty expressed vote of thanks.

## **EARTH DAY 22/04/2022**

Each year on April 22, billions of people across the globe join together to raise awareness about environmental protection. This global event is known as Earth Day. Earth Day was first celebrated in the United States on April 22, 1970.

The Earth Day 2022 theme is 'Invest in Our Planet'. The main aim of this activity is to raise awareness about the growing concerns of over population, loss of biodiversity, and depleting quality of the environment. It is not the work of single person but altogether team we need to act. Together we can make a difference. It's time to take the benefit of a green economy by adopting it. All governments need to encourage society, institutions, and businesses to build a framework for supporting a stable future.

On this occasion of Earth Day, students and faculty members has organized various activities such as Seeds Collection Drive (Seed Activity) and Plantation Activity in college campus. The main aim while organizing such activities is to motivate, encourage and engage the youth, faculty members towards sustainable development.

Finally the event was concluded with National Anthem

## WORKSHOP ON TLM ON 18/04/2022

Muslim College of Education organized workshop on Teacher Learning Material on 18/04/2022 in the seminar hall from 10.00 a.m. to 4.00 p.m. The objective of the workshop was to orient teacher trainees and develop appropriate context-specific teaching-learning materials which can be used to enhance the quality of the teaching-learning process. Addressing the gathering Dr. V. S. Pramod, Principal, Muslim College of Education said that few of the possible hurdles that teachers face in doing the activities are – lack of material, lack of confidence, fear of an experiment failing in front of students etc. To overcome these, we thought of conducting this TLM workshop where we provide the material, and the space for experimentation and teamwork. The teacher trainees learn working in teams as well as benefit from the models prepared by other teacher trainees.

The teacher trainees' team learnt quite a bit through this workshop. The key learning is that experiments have to be done and the learning we gain especially when things do not turn out the way it is stated in the textbooks is of incomparable value. Teacher trainees also presented the papers on teaching learning material and explained the importance of teaching learning material in real teaching, how effectively we can use these, how to prepare, what are the characteristics of it, how it makes teaching process as effective.

The workshop was concluded with vote of thanks by Mrs. Manjusha, Assistant Professor.

### **MICRO TEACHING – SKILL DEVELOPMENT** from 18/07/2022 – 25/07/2022

Muslim College of Education conducted skill development programme for B.Ed. first year student teachers from 18/07/2022 to 25/07/2022 at 10.00 a.m.

The skill development programme was organized as it determines the student teachers to get trained and well-groomed to carry out their duties effectively. It helps them to develop self-confidence, speech modulation and expressive abilities. They learn time management, improve body language, imbibe a positive attitude and improve communication skills, which are very important when taking up teaching as a profession.

Micro teaching is a highly individualized training device and an experiment in the field of teacher education which has been incorporated in the practice of teaching schedule. The students are providing immediate feedback in terms of peer group feedback, tape recorder, or CCTV. Micro teaching is a student teaching skill training technique and not a teaching technique or method. Student teachers are asked to practice one skill at a time. The class size was reduced to 5 to 10 pupils or students. The content was limited to a single concept. Micro teaching is micro in the sense that it scales down the complexities of real teaching. Micro teaching advocates the choice and practice of one skill at a time.

## Exhibition of Pollution 10/08/2022

Exhibitions are a way for students to simply make their learning relevant and tangible by celebrating their knowledge, skills, and experience with a larger audience. A science exhibition is a wonderful tool that engages students in learning new facts. It develops curiosity to learn and it also provides a platform for students to use their scientific knowledge and take the best invention from their brains. It also allows students to work together in groups and learn from each other. In today's era, education is not only confined to reading and writing, it is now linked to the holistic development of children.

In exhibition student teachers designed various models related to different types of pollution, ecosystem, and climatic change and gave descriptions of the models. The exhibition was organised under the guidance of Mrs. J. Prija Phyllis, Assistant Professor in Education.

Principal, teacher educators and students went around looking at the different models designed by the student teachers. Principal and the teacher educators congratulated all the student teachers who participated in the exhibition.

1st year B.Ed. student teachers of Muslim College of Education, Thiruvithancode organised an exhibition on the topic "Pollution" on 10/08/2022 at Seminar Hall from 10 A.M. to 3.00 P.M. The programme was inaugurated by our respected Secretary, Lion. Dr. H. Mohammed Ali. Our Principal, Dr. V. S. Pramod appreciated the programme and gave a motivational speech about Environmental Pollution - the most serious problem facing humanity and other life forms on our planet today.
