WORKSHOP ON THE PREPARATION OF LEARNING MATERIALS

Muslim College of Education organized workshop on Teacher Learning Material on 05/03/2022 at the seminar hall from 10.00 a.m. to 4.00 p.m. The objective of the workshop was to orient teacher trainees and develop appropriate context-specific teaching-learning materials which can be used to enhance the quality of the teaching-learning process. Addressing the gathering Dr. V. S. Pramod, Principal, Muslim College of Education said that few of the possible hurdles that teachers face in doing the activities are - lack of material, lack of confidence, fear of an experiment failing in front of students etc. To overcome these, we thought of conducting this TLM workshop where we provide the material, and the space for experimentation and teamwork. The teacher trainees learn working in teams as well as benefit from the models prepared by other teacher trainees.

The teacher trainees' team learnt quite a bit through this workshop. The key learning is that experiments have to be done and the learning we gain especially when things do not turn out the way it is stated in the textbooks is of incomparable value. Teacher trainees also presented the papers on teaching learning material and explained the importance of teaching learning material in real teaching, how effectively we can use these, how to prepare, what are the characteristics of it, how it makes teaching process as effective.

The workshop was concluded with vote of thanks by Mrs. Manjusha, Assistant Professor.

Workshop on Vegetable Carving and Flower arrangement held on 09/02/2023

The purpose of fruit and vegetable carving is to make food more attractive, more appetizing, and also easier to eat. Vegetables and fruits are the most fragile foods and carving is an art which involves patience, skill and creativity. Muslim College of Education along with IQAC organised a one-day vegetable carving programme on 09/02/2023 from 10.00 a.m. to 4.00 p.m.

Mr. J. Shanu, Board Member of Food Science, M.S. University and Assistant Professor at HMSC, Muslim Arts College was invited as the resource person to conduct a programme on vegetable carving for student teachers. The workshop was very informative, interactive and interesting. He explained all the methods of carving in a stepwise manner which was easy to grasp and demonstrate. Participants of the programme together made carvings using vegetables and fruits. He also taught how to create a bouquet out of vegetables and greens. The programme was very useful and learnt basic carvings like rose, spirals, different kind of flowers out of carrot, cucumber, beetroot, raddish etc. The programme was found to be more beneficial and student teachers can implement these skills in practical sessions and in their future career life.
