Workshop on Vegetable Carving and Flower arrangement held on 09/02/2023

The purpose of fruit and vegetable carving is to make food more attractive, more appetizing, and also easier to eat. Vegetables and fruits are the most fragile foods and carving is an art which involves patience, skill and creativity. Muslim College of Education along with IQAC organised a one-day vegetable carving programme on 09/02/2023 from 10.00 a.m. to 4.00 p.m.

Mr. J. Shanu, Board Member of Food Science, M.S. University and Assistant Professor at HMSC, Muslim Arts College was invited as the resource person to conduct a programme on vegetable carving for student teachers. The workshop was very informative, interactive and interesting. He explained all the methods of carving in a stepwise manner which was easy to grasp and demonstrate. Participants of the programme together made carvings using vegetables and fruits. He also taught how to create a bouquet out of vegetables and greens. The programme was very useful and learnt basic carvings like rose, spirals, different kind of flowers out of carrot, cucumber, beetroot, raddish etc. The programme was found to be more beneficial and student teachers can implement these skills in practical sessions and in their future career life.

Diwali Celebration – Food festival conducted by Health club on 15/11/2022

Diwali, the Festival of Lights, is a time when every corner of India shimmers with a warm, radiant glow. Diwali was observed by lighting small oil lamps known as 'diyas' in honor of Lakshmi, the goddess of wealth and good fortune. The lamps symbolize the triumph of light over darkness and evil. Homes are adorned with vibrant decorations, streets are illuminated by thousands of lamps, and hearts resonate with joy and anticipation. But in the midst of all the festivities, there's something truly special about Diwali – the importance of sweets, not just as culinary delights but as symbols of love, sharing, and togetherness.

Food festivals throughout the world are often based on traditional farming techniques and the seasons of the year. Food festivals are related to food culture of an area, whether through the preparation of food served or the time period in which the festival is celebrated.

On account of Diwali celebrations Muslim College of Education, Thiruvithancodeorganised a Food Festival on 15/11/2022 at 10.00 A.M to 1.00 P.M. The Food festival was inaugurated by a ribbon cutting ceremony of our respected Principal, Dr. V. S. Pramod. All the student teachers and faculties participated in the festival by preparing healthy, tasty dishes and many more using traditional recipes. Principal and faculties appreciated the student teachers for their active participation.

Miss. Asmini, student proposed vote of thanks.
